

## Step by step guide on member access to Cavan Golf Club via ClubNet

First and foremost, I would ask that you to download the application on either IOS or Android on your smart phone. I would advise that you update your phone to its latest version in your settings.

To easily get your new Cavan Golf Club App on your smartphone and connect, just follow these simple steps.

1. If you have an iPhone go to App Store and download ClubNet.
2. If you have a Samsung go to Google Play store and download ClubNet
3. Please accept all location services and push notifications.
4. You will see a selection of golf clubs, select County Cavan Golf Club.
5. We have already set up an account for you. **Please do not sign up for a new account.**
6. In the email box, enter your email address **(the same one the club has for you)**
7. In password, enter Golf2018. Please change your temporary password in the member profile section of the ClubNet App. (see tutorials on App homepage for help)

**Note:** You will also need to accept the privacy policy for the ClubNet app by ticking the box. Unpaid members and visitors do not have access to member tee times or to the member module.

Have a browse through to familiarise yourself with it. The club will be on hand to run through the mechanics of the platform in the coming weeks.
